

7th International Conference on Electric Power Equipment – Switching Technology

November, 2024 Xiamen, China

FIRST ANNOUNCEMENT & CALL FOR PAPERS

The 7th ICEPE-ST will cover all aspects of the science and technology of Electric Power Equipment.

Main Topics:

- Emerging HV Switching Technologies (such as high voltage vacuum switching technologies, SF₆ alternatives, DC Circuit Breakers, etc.)
- Apparatus for power flow control in smart distribution grid
- Fault current limiting technology
- Semi-conductor switching technology (including HV DC)
- Switching phenomena in ultra-high voltage systems
- Digital design technologies (CAE) in switchgears
- Fundamental physics in Switchgear

Information for Authors

The authors are invited to submit a paper via the conference website: <http://www.icepe2024.org>. The official language of the conference is English.

Instructions and detailed information on the conference will be posted on the conference website. All accepted papers will be published in IEEE Xplore (which will be indexed by EI).
